Inspiring the Young Adult Spirit out of Depression

Dear Camtu,

11/05/10

Hi Camtu just a quick letter to say thank you for the very professional job by the CleverLink team. After reading your book 'Aim High Fly Fast' which I loved and then realising that you edited and printed books as well. There was no hesitation that you would be the person I would go with to self-publish my own book *'the SECRETS on the INSIDE' Inspiring the Young Adult Spirit out of Depression.*

Since I made my initial enquiry, you have been committed, friendly and supportive in my endeavour to bring this book to many young adults. Thankyou so much for all of your help and thank you again. I have been telling people of your professional and friendly conduct and the great team that you work with.

Thankyou and Regards
