*'Linking technological solutions to your needs'*

### Australian Technology Showcase (Illawarra) - 6th May 2002

CleverLink Internet & Technology Services participated in the *Australian Technology Showcase (Illawarra)* at Shellharbour City Stadium on 6 May 2002.

The event was an opportunity for us to showcase our services and products to the Illawarra. This was the first exhibition of its kind in the Illawarra region, and provided a great opportunity for CleverLink and other companies.

*Camtu Pham and Elysia Viles*

On the day Camtu Pham and Elysia Viles manned the booth in which we displayed all our clients websites in a PowerPoint presentation and also on card-board sheets.

CleverLink is pleased with the interest that was generated on the day.

CleverLink received many compliments for the way we organised the booth. "Very nice set up", "I like the flowers", "The stands look great! Did you make it yourself? What a good idea!"

We ran a prize draw of a box of chocolates and a bottle of wine for those people that left their details with us on the feedback form. The lucky winner drawn by Warwick MacMillan (Regional Manager, DSRD) at 3:00 PM. The winner was Janelle Grant, Purchasing Officer from Centrelink in Wollongong – congratulations!

Camtu Pham delivered the prize for Janelle the following day and you can see how happy Janelle was in the photo. We are sure Janelle will enjoy the wine and the chocolates.

*Janelle Grant, the winner!*

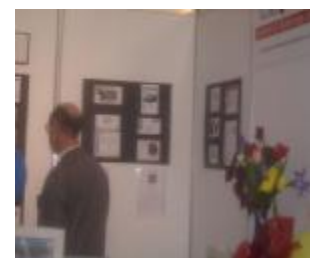

"I will share the chocolates with my colleges", said Janelle when Camtu delivered the prize.

CleverLink thanks all members of team and the staff at DSRD for putting together the exhibition. We also thank all visitors for visiting us on the day. Finally but very importantly, we would like to thank all our clients because without the work we have done for them; it is hard to put together a show!

Many visitors have seen our client's Web sites and projects. CleverLink is certainly very proud of this. The event was a great success and we look forward to participating again in the future.

*"I know this client of yours. I am a shareholder!"*
